Write a summary about the advantages and disadvantages of ebooks.

One of the biggest advantages of purchasing an ebook is that it is very cheap. Besides, it is much easier to carry an ebook containing an entire library of books. Moreover, you can read ebooks in the dark or in low-light situations. In addition, ebooks are an eco-friendly device, meaning that as no trees are destroyed to print the ebooks.

However, handling an ebook is not as much as easy as people think. Technical mastery is needed when you start using ebooks. Furthermore, ebooks are very difficult to share and it cannot legally be transferred once it is downloaded to the device. Lastly, ebook does not last as much longer as paper. This means ebook devices have an unreliable life span. (118 words).
