~~Ebooks.~~

One of the main advantages of ebooks is that they are easily affordable. Moreover, they can be read on a number of devices such as ~~laptop~~ laptop computers, mobile phones and special hand-held devices. Furthermore, the devices ^{that} ~~which make~~ store ebooks are rather small, which make them very easy to carry. Besides they can also be translated to other languages by using a variety of commands.

On the contrary, the ebook may feel strange and unfamiliar to read for people who are fond of the printed page. Subsequently, it may take a while to get used to an ebook device. Lastly, paper lasts much longer than ebook devices, which outdate ~~quite~~ quite quickly.
